CRP Automotive 2010 Catalog Series Unveiled at AAPEX

Cranbury, N.J., November 3, 2009 - CRP Automotive is pleased to announce their 2010 Automotive Catalog Series is ready for distribution. The CRP Automotive catalog series includes the **2010 Belt and Belt Kit Car and Light Truck Application Catalog**, complete with the new Pro Series timing kits, as well as an expanded Rein Automotive program inclusive of the new **2010 A/C and Cabin Air Filter Catalog** and the **2010 Undercar Application Catalog**. Each catalog covers model years up to 2009 on an extensive range of cars, light trucks and SUVs in the NAFTA market.

The 2010 Belt Application Catalogs continue to add the latest ContiTech® serpentine belts, timing belts, timing belt tensioner kits and the Pro Series timing kits to their already extensive program. "Our ongoing commitment to provide the most complete domestic and import coverage significantly adds to our appeal in the marketplace," states Michael Palm, Vice President of Sales & Marketing. The CRP Automotive product managers have worked diligently to identify proper belt fittings for a wide range of European, Asian and domestic vehicle applications from model years 1985 up to 2009. Palm further adds, "The 2010 Pro Series Timing Kit Buyers Guide provides 64 pages of concise and summary reference data for 100 kits covering more than 300 vehicle applications."

The new Rein Automotive Application catalogs offer a broad program of OE-quality parts for European car applications such as Audi, BMW, Mercedes-Benz, Mini,

Porsche, Saab, Volkswagen and Volvo. The Rein A/C and Cabin Air Filter Catalog provides coverage for over 450 SKUs used for European vehicles from model years 1985 up to 2009. The Rein Undercar program provides application information for more than 1,000 SKUs and includes components in replacement parts categories such as anti-vibration, CV boots and boot kits, suspension parts, as well as wheel bearings and bearing kits. Rein Automotive parts are guaranteed for the proper form, fit and function for each application, every time. For the convenience of the installer, each Rein catalog features an extensive cross reference chart of Rein part numbers with the corresponding OE number.

About CRP Automotive:

Founded in 1954 as the North American partner of Continental AG, CRP Automotive has established a solid reputation for exceeding its customers' expectations. Shipping from distribution centers in New Jersey, California, Canada, and Mexico, CRP has been a leading source of OE-quality replacement parts for Asian and European import applications. As the respected NAFTA market partner for ContiTech branded belts and Pentosin technical fluids, CRP has now introduced a third core brand to its offering, Rein Automotive. All products are backed by the CRP promise of quality and superior service.
