Rein Automotive Coolant Hoses Offered for Direct OE Replacement on Ford Transit Connect

- Eight OEM built SKUs provide exceptional coverage for 2010-2013 models

Cranbury, NJ... CRP Automotive (crpautomotive.com), a leading source of OE-quality replacement and service parts, offers a range of Rein Automotive coolant hoses for direct OE replacement on 2010-2013 Ford Transit Connect models. These are the same hoses manufactured by the OEM and are identical to the OE hose.

CRP Automotive offers eight SKUs within their coolant hose program for Ford Transit Connect vehicles, delivering applications for over 150,000 VIO in the U.S. and Canada.

The complete Rein Automotive coolant hose program includes radiator hoses, engine coolant hoses, heater hoses, and a variety of other hoses found inside the engine bay of today's more technological complex vehicles. The hoses include all of the branches, clamps, and quick connect fittings needed to complete the job efficiently, making them an ideal solution for technicians.

Easy Online Lookup

The Rein Automotive undercar program features easy lookup on CRP's online application catalog that can be accessed through the CRP Automotive or Rein Automotive brand websites, www.reinautomotive.com, or Show Me the Parts, www.showmethetheparts.com/crp/.

About Rein Automotive

Rein Automotive offers a wide range of OE-quality automotive replacement parts for import vehicle applications, from motor mounts to hose assemblies and just about everything in-between. Rein programs include AC parts, an antivibration program, an expanded hose program including power steering hoses and a master cooling program inclusive of coolant hoses, water pumps and kits, coolant expansion tanks, thermostats and thermostat assemblies along with caps and sensors. The Rein Automotive name stands for consistent and reliable quality. Only high quality parts wear the Rein Automotive name, whether for European or Asian

vehicles.

About CRP Automotive

CRP Automotive, a business unit of CRP Industries, is a leading name in high-quality automotive replacement parts throughout North America. Our family of brands, which includes AAE Steering System Components, REIN Replacement Parts, Pentosin Technical Fluids and AJUSA Gaskets covers a wide range of product categories — and an even more extensive range of vehicle applications. We create sustainable solutions to problems caused by advancing technology — keeping vehicles on the road longer and stronger. To ensure we are always in touch with the current and future needs of the market, we maintain a close connection with the professional repair technicians who select and install our products in imported and domestic vehicles.
